07. Paying for an activity or event

To pay for an event that requires pre-payment, you will need to see your Resident Experience Coordinator at one of the allocated times in your activities calendar. Payments cannot be made through myRyman, and your booking cannot be confirmed until payment is received.

Check each month's calendar entries "Booking Payments" to find out the times available for you to make payment for your booking(s). As your resident experience team is busy planning and delivering activities outside of these times, it would be appreciated if you could make your payment during one of these available times.

However, if you cannot make any of the scheduled times, please see your Resident Experience Coordinator to arrange a suitable alternative.

Please note that once you have booked and paid for an event, there are no refunds available, however, the team will support you to see if there is another resident who may wish to attend in your place.
